VOLUME NUMBER 96

CAMERON MILAM COUNTY, TEXAS, THURSDAY, September 29, 1955

NUMBER 25

Judge, Commissioners Up Own Salaries 10 to 28 %

At its meeting on Sept. 15, the Commissioners' court voted to increase the pay of all elected County Officials. At least one commissioner did not favor the increase.

All elected officials were asked to appear before the Court and testify with reference to their own salaries. It was pointed out by the County Judge, who had done extensive research on salaries and has the scrap book to prove it, that almost all adjoining counties have made increases, as permitted under a new law, which has the effect of repealing all laws pertaining to salaries previously in effect.

The court voted to increase commissioners salaries approximately 28 percent and all other elected officials 10 percent, to become effective Oct. 1. The new salaries than will be as follows:

County Judge, \$6054.18
Sheriff, \$5500.00
District Clerk, \$4794.50
County Clerk, \$5571.72
County Attorney, \$5576.34
Tax Assessor - Collector, \$5842.64
County Treasurer, \$3300.00
Commissioners, \$4800.00

The Court had recently increased all other Court House employees by flat sums. Deputies received \$15 monthly increase. Milam County's total valuation

for the coming year is \$31,500,000 and its estimated population is 27,000.

With the exception of County Commissioners, whose salaries are paid out of the Road and Bridge Fund, the salaries of County Officials are paid out of the Officials' Salary Fund. This is not a tax fund but consists of fines, penalties, fees and monies derived from liquor, wine and beer permits. Under the law these funds can only be utilized for payment of salaries.

Also at its meeting on Thursday, the Court levied the tax rate for 1955 at 75 cents per \$100. This is the same rate that has been levied for county purposes for many years. The Court also voted to continue the practice of giving discount for early payment of taxes as follows: 3 percent if paid in October, 2 percent if paid in November, 1 percent if paid in December.

This is rewritten from an unusual narrative report submitted to this newspaper in lieu of the official record of the meeting being on file in the clerk's office as minutes. These minutes will be on file sometime this week the Judge assured.

Milam 4-H'ers Win More Firsts at Cen-Tex Fair in Temple

Henry Tomasek, Jr., son of Mr. and Mrs. Henry Tomasek of the Pettibone Community, won first place and \$7 prize money with his registered 4H club gilt and Alton Moraw, son of Mr. and Mrs. Alton Moraw of Cameron, won second place and \$5 prize money with his registered 4H club gilt in the swine show Wednesday at the Cen-Tex Fair at Temple. These were the only two 4H swine entries from Milam county.

Edward Senkel won first place and \$20 prize with his 20 bolls of cotton and Hal Lester Senkel won second place and \$10 with his exhibit of 20 bolls of cotton.

These winnings compile a good record for these 4H families from Milam county, all placing either first or second in their division. J. W. Stufflebume, Jr., former Milam County Agent, now agent at Brenham, served as judge for the swine.

These boys were assisted by their families and the county agent.

Red Feather Fund Goal \$5,640; Drive October 10 - 15

Delegates representing all of the churches, service clubs, fraternal organizations and other city organizations met Tuesday, Sept. 13 and outlined the Community Chest budget for the 1955 drive to be held the week of Oct. 10 - 15.

Various funds were listed as follows: Welfare Fund, \$1,000; Emergency Fund, \$100; Boy Scouts, \$1800; Girl Scouts, \$1000; Milk Fund, \$540; Hospitalization, \$200; and a new fund, the Community Chest fund for \$1000 has been placed in the budget this year for the first time.

An increase in the Boy Scout allotment from \$1400 to \$1800 was made necessary because of the increase of three Boy Scout troops in Cameron. The amount allocated to the Boy Scouts and Girl Scouts is arrived at on the basis of membership and activities entered into.

The contribution to the Community Chest is to provide a room in the building for the children of Cameron. It will be used for the Boy Scouts and Girl Scouts to assemble and for any other purpose to serve the youth of the community.

E. A. Perrin is chairman of the Community Chest. Mrs. Barbara Smitherman will serve as Secretary and Publicity Chairman, Ben Magnus, Chairman of a group to solicit from employees only. Mrs. Leland Green, Sr. will serve as chairman of the group to solicit in the residential section and tations from the Cameron Public Schools.

October 3 Is Farm Bureau Day at Waco 'Heart-O-Texas' Fair

Mr. John A. Smith, president of the Milam County Farm Bureau is urging all members of the organization to attend the Heart O' Texas Fair Monday Oct. 3 in Waco. Oct. 3 is "Farm Bureau Day" at the big Central Texas Fair. The Day was so designated to pay tribute to the agricultural industry in this area. "Farm Bureau Day" will feature an attendance contest, a Farm Bureau talent show, a nationally known agricultural speaker, and the District 8 Farm Bureau Queen, which is our own Milam County Girl, Miss Mary Evelyn Smith of San Gabriel, Texas.

All counties in this area will compete in the attendance contest, with the winning county being presented a beautiful plaque on the night of Oct. 3. The plaque, donated by Waco jeweler Robert W. Cox, will be given to the county Farm Bureau having the best representation at the Fair.

President Smith reminds all Farm Bureau families from this county to be sure and register at the Farm Bureau registration desk just inside the Agricultural Building on the Fair grounds. Miss Lenora A. Bickett, secretary and treasurer, and also office secretary of the Milam County Farm Bureau will help to register all Farm Bureau families during the day.

A talent show, featuring Farm Bureau talent numbers from several Central Texas counties, will be presented in the afternoon on the outdoor stage at the Fair. Main speaker for the special Day is Congressman George Christopher of Missouri who will speak in the Coliseum that afternoon. Miss Mary Evelyn Smith of San Gabriel, Milam County, will be presented as District 8 Farm Bureau Queen at the rodeo that evening.

Station KMIL to Have Formal Opening Sunday

Mayor Horstmann Proclaims Fire Prevention Week October, 9 - 16

Citizens of Cameron were called upon by Mayor Horstmann to take an active part in the nation's observance of Fire Prevention Week starting October 9.

The Mayor called attention to the fact that his proclamation and that of President Eisenhower, setting aside the week of October 9 to 15 for the annual observance of a week devoted to fire safety, is a part of a national effort in

which Cameron will cooperate with all cities and towns throughout the country.

Property losses resulting from fires reached a national total of \$870,984,000 in 1954, Mayor Horstmann said and according to local records property losses resulting from fires on the local basis were totaled at \$38,454 in 1953 and \$42,353 in 1954.

In his proclamation the Mayor called upon all city departments and organizations to make this year's Fire Prevention Week in Cameron the most effective on record for the City.

The fire department and the schools can perform particularly valuable service in observing Fire Prevention Week, the Mayor said. "Our reward is a safer community for all our citizens," he concluded.

FIRE PREVENTION WEEK, 1955

A PROCLAMATION BY THE MAYOR OF CAMERON

WHEREAS thousands of Americans lose their lives each year from fires that could be prevented; and

WHEREAS great social and economic losses to our city result from the destruction of homes, and natural resources;

THEREFORE, I O. B. Horstmann, Mayor of Cameron do hereby proclaim the week beginning October 9, 1955, as Fire Prevention Week.

I call upon all departments and agencies of the city government to participate actively in a campaign for improved fire safety. The fire department and the effective leadership in the activities of Fire Prevention Week, and I urge them to work with the Chamber of Commerce and other organizations for a successful program.

I earnestly request every citizen of the community to take part in relieving hazardous conditions and making our city a safer community in which to live and work.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of Cameron to be affixed.

DONE in the city of Cameron, this twenty-fourth day of September, nineteen hundred and fifty-five.

O. B. Horstmann, MAYOR.

Jeanette Richter Shows Champion Turkey

Jeanette Richter, daughter of Mr. and Mrs. Johnnie Richter of Cameron, Route 1, showed the champion turkey at the Cen-Tex Fair in Temple, Tuesday, according to J. D. Moore, County Agent. Johnnie Richter Jr. showed two blues and two red ribbon entries in the turkey division.

Jeanette and Johnnie Jr. started their turkey demonstrations in March of this year, with 60 bronze poulters each. Jeanette's turkeys were sponsored by the Sears Foundation working with the Extension Service. Jeanette's Grand Champion will sell at the club auction Friday morning of this week. E. D. Parnell, Professor of Poultry at Texas A & M judged the show.

Bernard Jungmann, son of Mr. and Mrs. Robert Jungmann of the Yarellton community, showed his registered Jersey heifer to a second place.

Henry Tomasek, Jr. and Alton Moraw will show their registered swine Wednesday at 8 a.m. Mr. J. W. Stufflebume Jr., County Agent of Washington County, will judge the swine. Mr. Stufflebume is a former Milam County Agent.

Mr. Hubert Schuffield is home from St. Edwards hospital where he underwent surgery on the 15th. He feels well enough that he asks friends to call on him.

Plans are underway to have a formal opening at Milam County's new radio station, KMIL, next Sunday, October 2.

Some of Milam County's leading dignitaries will be heard during the afternoon ceremonies, when the owners of KMIL, dedicate the station and its services to the people of Milam County. Time for the ceremony will be announced later.

KMIL had its first day of regular broadcasting activities Saturday, Sept. 24, operating on 1330 kilocycles, with a power of 500 watts. The station starts its broadcasting activities each morning, Monday through Saturday, at 5:30 a.m. and closes at 6:30 in the evening. On Sunday, broadcasting begins at 7:00 a.m.

Application for this new radio station was sent to the Federal Communications Commission in Washington, D. C., last October, 1954, when a partnership between Mr. Milton F. Brown Jr. of Cameron and Mr. E. Glenn Abercrombie of Albertville, Ala. was formed.

Other members of the staff are Mr. Joe Liber from Fort Payne, Alabama, who serves as a salesman and announcer, Mr. Hugh Hall from Virgie, Kentucky, announcer and Mrs. Glenn Abercrombie, program and Women's director.

KMIL is housed in one of the most modern buildings of its kind in Central Texas. The completely air conditioned studios and transmitter are located about one mile out on the Rockdale Highway.

Mrs. White Home; Herald Soon Full Staffed

Those sounds of celebration emitted from the Herald office are the immediate result of the return of Mrs. B. Hunt White. She has returned to Cameron but will not return to her desk till Monday and then her working hours will be of two hour duration.

She is not able to receive personal or phone calls as yet since she has not completely recovered.

But starting Monday, the Herald will again be running full staffed even if still a bit snowed under.

City Opens Door To Committee For Community Center

City Council asked its attorney and its standing parks committee to work with Richard Williams and others of the Citizens committee in bringing about construction of a community building. The present ball park or a part thereof was suggested as a feasible location. All details concerning this location are now the business of the enlarged committee to work out.

As if underlining the necessity for a community building a resolution was passed granting E. O. Schiller and his Cub Pack 213 the right to meet in Firemen's Hall with the written permission of the Chief.

Gas and Janitor services amounting to \$7 per month that the Welfare office were reinstated by the city. It was learned that employees of the agency were paying this amount out of their pockets since the city discontinued in June.

Condemnation proceedings were ordered with City Attorney having power to decide where to start in clearing the legal hurdles toward widening Highways 36 and 77 east to the city limits.

Five acres of the airport property were sold to the state highway department.

Minutes of the city business were made available to the press the morning following the meeting and were taken from notes made by a secretary who attended the meeting of the council.

Community Chest Will Ask Your Help October 10-15

During the week of Oct. 10-15 you will be asked to contribute to the 1955 Cameron Community Chest because your help is urgently needed. When you are asked to give, remember that each dollar you donate to the Community Chest goes farther. There are no salaries paid to Community Chest workers. Collection and accounting are done by volunteers allowing the maximum amount of contributions to be spent for the cause it was intended. Each Community Chest agency works in Cameron and Milam county, so the people you help are your neighbors and members of your community.

When you give, you are helping people less fortunate than yourself. You are helping hundreds of boys and girls to learn to be better citizens through the character building agencies. You are helping people to receive medical attention, which they otherwise could not afford. You are providing

temporary assistance, food, shelter, and clothing for people until they can find jobs and return to work. You are providing milk to build sound bodies and minds for the future citizens of Cameron.

This year, the Community Chest's quota has been set at \$5,640, a little more than last

year's. In planning the amount of your gift, remember how greatly it is needed and remember also how much good it will do. You only give once a year, so please give enough. Help show the coming everyone know that we care community spirit of Cameron by let-enough to share.

Wiley Loughmiller's Take Quads To Love With Them

That Tommy, Mike, Jerry and Shirley have come to love in the Wiley Loughmiller home is attested in a classified ad in today's paper.

Proudly giving the ad over the telephone to the Midget, Mr. Loughmiller modestly overlooked, or it possibly never occurred to the self-effacing father that the act of he and Mrs. Loughmiller accepting a ready made family of four children into their household was NEWS. He didn't ask for a headline or even a page one no-

tice, but seemed to be satisfied that he was making it a matter of public record that the four little ones were coming to live with him.

Mr. Loughmiller's restrained pride gives testimony aplenty to the type of parent which is his capacity for being and so, as the first paragraph here reads, and without error, these children have come to love in the Wiley Loughmiller home.

Tax Help Finishes Temporary Job

Unemployment rolls in Cameron took a seasonal upturn Wednesday as at least ten temporary employees in the County Assessor - Collector's office came to the end of their work on county rolls.

Included in the group are Miss Bess Jeter, Mrs. Charlotte Peacock, Wayne and Lenette Thweatt, Mrs. Mary Loe Thweatt, Mrs. Wilma Holloway, Billie Price, Wilma Fay Holloway, William Baldridge and Mrs. Robert Kalkbrenner.

History Making Meeting Thursday

Composure, frankness of opinion and the presentation of plans judged to make better and more satisfied students and parents in the Cameron Independent Public School District, formed the basis for the conclusive joint meeting of the white and colored Citizen Advisory Committees Thursday evening in the Yoe High School auditorium.

Hilliard Thomas, general chairman of the groups, presided at the session which had several members of the school board, 14 members of the colored committee and 20 members of the white committee present.

Both Thomas and Dr. Clifford Swift, president of the school board, stated their complete approval and satisfaction with the meeting at which a logical solution to "implement the decision of the Supreme Court in a manner agreeable to Cameron residents" was upper - most in all

committee members' minds.

At the outset of the meeting, Willie Anderson, chairman of the colored committee who acted as spokesman, presented a resolution for the reflection of the group, which read that the colored committee had arrived at the decision that all students are entitled to equal educational facilities and it is their combined thought that the proposed new school plant should be located on the old L. J. Thomas grounds, providing it is to be a modernistic building with adequate facilities, teaching staff, and in every way comparable to the white facilities at the present time. At the end of the resolution it was added that it was their opinion that all residents of the school district would back a bond issue necessary to build the plant.

This line of thought was known to be agreeable to both groups, since both have had two individual meetings prior to the joint

meeting Thursday.

It was the expression of some members of the colored group that if the new building, providing top educational facilities, is built that in all probability at least 95 percent of the colored students will prefer attending their own school.

In the final resolution by the combined groups it was recommended that the board make a survey and study of the present physical O. J. Thomas plant and plan to build an entirely new system in the near future.

Dr. Swift, as president of the board stated, following the meeting, "There is definitely a need for better school facilities here and I feel that it is incumbent now, after such good cooperation and advice, that the school board take action upon the recommendation of the committee in the immediate future."

Hornet Air Attack Downs Yoemen 19-7

Caldwell's Hornets went to the air early and stayed on the ground later to crack the favored aCdmA late to crack the favored Cameron Yoemen in Caldwell last night, 19 - 7.

Caldwell showed only six yards rushing in the first half, but they sliced the ozone for 101 on only three attempts.

Don Schiguit, quarterback, made two of his 3 completions count for the touchdowns that put Caldwell ahead 12 - 0.

Both squads battled to a draw until halfway throughout the sec-

ond quarter when Caldwell suddenly spouted for 65 yards and a touchdown in three plays.

A few plays later, Caldwell recovered one of Cameron's many disastrous fumbles on the Yoe 36. Schiguit heaved a pass to Boedaker who snatched in on the 10 and romped over to put Caldwell ahead 12 - 0.

Cameron poured new life into the tussle halfway through the third quarter with a sterling attack that moved 75 yards for a touchdown in eight plays. Caldwell received to start the

second half and moved to the Cameron 40 where they were forced to kick. The ball rolled dead on the Cameron seven.

The Yoemen moved to a first down and then swapped fumbles with the Hornets at the Cameron 25.

Then John Duncan, powerful Cameron fullback, ripped off 12 yards to the Yoe 37. Ray Green converted from end to left half to relieve the injury-riddled Cameron backfield, broke loose over center for 10 yards then added another 10 to put the ball on the

Caldwell 42.

The Hornets were penalized to their 27.

Yoe fullback Buddy Thompson and Duncan added one yard in carries between them. Then Thompson swept around right end to the Horne 11.

Green blasted center for five and then parted the pivot spot again for six yards and the touchdown. Benny Massengale's kick for extra point was good and Cameron was back in the game, 12-7 as the third quarter ended.

Caldwell locked the game up for

the record books as they moved from their 23 on Cameron's kickoff after the Yoe tally and put together nine plays for their last score.

The final score stood, Cameron 7, Caldwell 19.

Rain, which pelted Caldwell and discouraged many fans stirred up a soggy turf and discouraged an expected good crowd which was expected for the opening of Caldwell's new stadium.

Typhoid Shots To Graham, Tex. In Floods Wake

The State Health Department at Austin is sending 8,500 typhoid shots to Graham, in West Texas, where a health hazard exists.

High water has flooded out both the city sewage disposal plant and the city water plant. The city estimates it has only an 18 to 20 hour supply of water.

Clem and Eugene Tomek are adding a few more terraces to their farms this fall. They both own places a few miles west of Cameron and are cooperating with the Central Texas Soil Conservation District, to carry out a complete conservation plan on their farms.

Waterways were shaped and seeded to King Ranch bluestem

this spring. The good rains furnished enough moisture to get the good conservation farmers and grass off to a good start. It is now seeding and has covered the ground so that terrace water can be emptied. These brothers are good conservation farmers and are giving conservation treatment to all of their land.

Shower Honors Marjorie Ann Richter

Marjorie Ann Richter, bride-to-be was feted at a miscellaneous shower Tuesday, Sept. 20. The shower took place at 8 p.m. at Simon - George Hall with the bride's aunts as hostesses.

Evelyn Byford, Vernice Michalka, and Mary Francis Zarosky served the refreshments of Hawaiian punch, cake squares, mints and nuts. Mrs. Frank Richter Jr., presided at the brides book.

The gift table was laid with a lace cloth centered with an arrangement of white mums and was trimmed in blue, the chosen colors of the bride.

Entertainment for the evening was provided by a musical program presented by Miss Shirley Horstmann, Carol Ann Wilson, Mrs. Hilliard Thomas and Catherine Mikula. A reading was offered by Veronica Michalka and Mrs. Billie McCoy toasted the bride.

Eighty-five ladies were present at the event.

Beer Tax Increased For Third Time Since 1950

For the third time since 1950, a state tax increase on beer - this one effective Sept. 6 - has been levied by the Legislature to provide additional money for old age pensions, the public schools, farm-to-market roads, aid to the blind and to needy children, and for retired teachers' pensions.

As a result, Texans can expect to pay a penny per bottle more for beer.

The last Legislature raised the beer tax from \$2 a barrel to \$4.30. The federal tax is \$9 a barrel. R. W. (Bob) Smith, executive director of the Wholesale Beer Distributors of Texas said recently that state and federal taxes combined represent approximately 52 per cent of the cost of producing a barrel of beer as a result of this latest increase.

Approximately \$3,000,000 of the increased beer tax revenue will be used to help pay the \$7,000,000 a year increase in old age pensions voted by the Legislature.

Just last year, the beer tax had been increased 63 cents per barrel to help pay higher teachers' salaries. In 1950, the tax on beer was increased 10 percent at a special session called by the Governor to provide badly needed money for state hospitals.

The beer drinkers of Texas pay \$48,300 each day into the State Treasury. Of the total beer tax revenue collected through the end of last year and since the repeal of prohibition, \$23,896,190.91 was used for the public schools, \$477,839.10 for the needy blind, \$2,102,134.26 for farm-to-market roads, \$3,847.31 for needy children and \$24,974,473.82 for other state purposes.

Last year the \$2 per barrel tax brought \$8,000,000 into the State Treasury. The State Comptroller estimate that the new tax will raise \$16,249,440 in 1956 and \$17,630,430 in 1957.

"These estimates, of course, are based on the premise that sales will continue at the present rate after the tax increase goes into effect," Smith said. "There is always danger that any price increase will cause people to buy less beer than they have been buying. That, of course, would decrease the anticipated tax revenue. The history of the beer industry shows that beer sales are extremely sensitive to price increases. There have been times when tax increases resulted in loss of tax revenue through greatly decreased sales."

Smith said the new state tax will amount to 18 per cent of the production value of beer the highest production tax, percentage wise, on any product manufactured in Texas.

One-fourth of the beer tax goes to the State's available school fund. Three-fourths goes into the Omnibus Tax Fund, from which old-age pensions, assistance to the blind and to dependent children, farm-to-market road costs, teacher retirement and foundation school program costs are paid.

In addition to the \$4.30 per barrel on beer, the State collects approximately \$664,000 each year from the sale of wine and beer permits.

The other two tax increases voted by the Legislature this year also will bring the State additional revenue from the beer industry. Beer distributors alone, Smith said, would pay an estimated \$50,000 a year in franchise taxes

aside from the large amount that will be paid by the breweries. The distributors' 2,000 trucks and 800 business automobiles, according to a survey made by the Wholesale Beer Distributors of Texas, will use about 5,000,000 gallons of gasoline, on which they will pay an estimated \$250,000 in state taxes.

Smith said that his group believes the State should make a comprehensive study of the entire state tax structure in an effort to equalize tax burdens among the various industries.

"Tax rates for some industries are extremely high and yet they are extremely low for other industries," he said. "There are some that pay no state taxes at all. We are hopeful that the tax study which the Legislature directed the Legislative Council to undertake to equalize the tax burden."

The new state tax increase will raise to \$1 the amount of commission.

"We are hopeful that the necessary penny - a bottle increase in the cost of beer will not decrease sales," Smith said. "Approximately 150,000 Texans earn their livelihood from the beer industry. Any major decrease in sales might seriously affect the living standards of half a million Texans."

November 10 Tentative Date For Fire Inspection

In blazing red jackets to depict the enemy they fight, fire, several representatives of the Houston Fieldsmans Association met with local business men and organization representatives Thursday night to outline a special Fire Prevention project in Cameron.

Narvie Caperton, president of the Fire Department who was named coordinator, stated that the date for the inspection of business houses, schools and churches for fire hazards has been slated for Nov. 10.

Actual activities will begin on November 9 when a free educational film will have two showings and possibly three if the crowd warrants, at the Cameron Theatre.

On the 10th from 36 to 40 representatives of the Fieldsmans Association, well-versed in all hazards which might mean a costly fire in the future, will swarm over Cameron in their flame red jackets and put a red tag on every hazard in every public building.

Every two representatives will be accompanied by a representative of local service clubs and one boy scout.

At some point during the day a special show will be given for the benefit of school children, so that they can take some important pointers home to their families.

The Association, well known for their work, have only two inspections each year. The first town to be inspected in 1955 was Belton, with Cameron having the honor of being the second to receive their services.

After a 30 day period representa-

tives of the organization will return to Cameron to see that all of the hazards marked with red tags have been eliminated.

Representatives meeting with local men included Jack Peresoa, spokesman for the Fieldsmans Association; Bob Kennedy, presi-

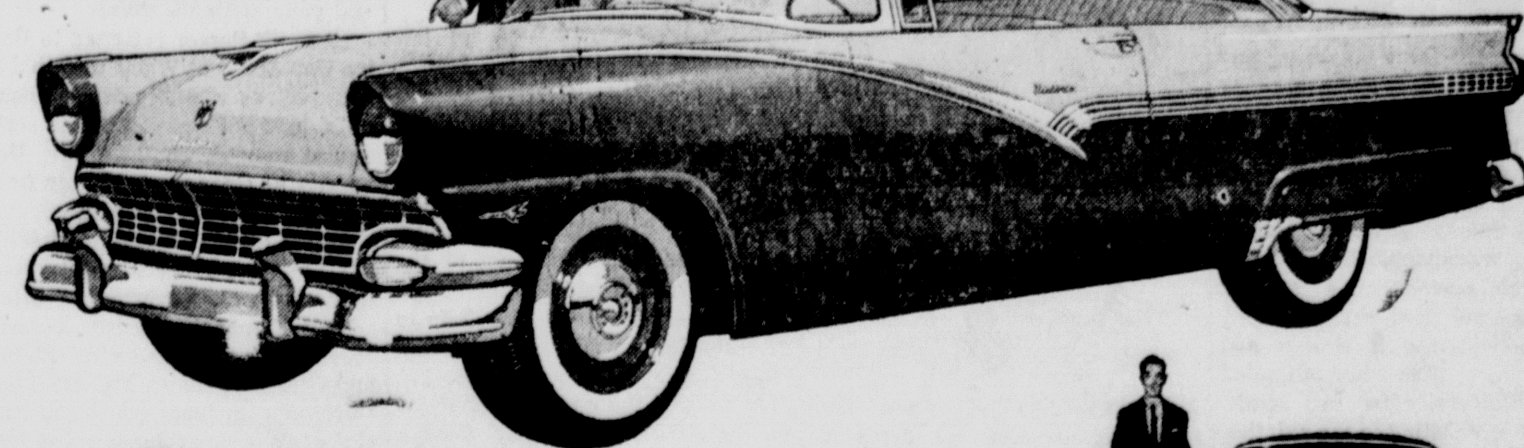

dent of the organization; Don Massey, Publicity Director and Jack Martin.

Mrs. Grace Reed underwent surgery Monday at the Tarbet Clinic and Hospital in Marlin, Texas. She is expected to return

home some time next week.

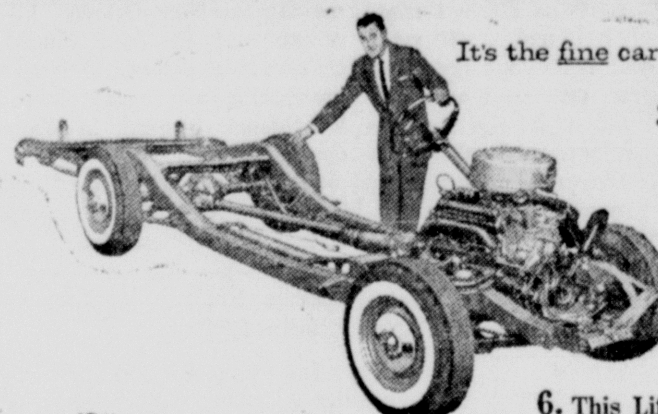

Mr. and Mrs. Henry Lee Burnett accompanied by Mr. and Mrs. Clyde Baker will journey to Wichita Falls for a week end visit in the home of Mr. and Mrs. Clayton Baker and daughter.

It's the fine car at half the fine car price!

4. The new 202-h.p. Thunderbird Y-8 will give you a new lease on driving enjoyment. It's available in Fordomatic Fairlane and Station Wagon models. You can have the "GO"-packed 176-h.p. Y-8 in Fordomatic Mainline and Customline models, or Ford's new 137-h.p. Six is available in any model.

5. Note the deep-center design of this new Lifeguard steering wheel. The wheel rim is over three inches above the post to help cushion the driver in case of an accident. It's a feature of new Lifeguard Design which Ford spent over two years developing . . . to give you added protection in case of an accident.

6. This Lifeguard cushioning for instrument panel and sun visors is optional. It gives you extra protection when thrown forward in an accident. You may also have optional seat belts to help keep occupants securely in seats.

2. Here, on your left, is the inspiration for the styling of the '56 Ford—the famous Ford Thunderbird. Look at those broad, flat hoods, for example. Here is styling that will stay in style.

7. Here's Ford's new Lifeguard door latch. It's another member of Ford's new Lifeguard family. A double-grip locking engagement reduces the chance of doors springing open under unusual strain of impact. Chances of serious injury in accidents are less when passengers remain in the car.

Mr. Hoyt Gaston Speaker At FB Kick-Off Banquet

The Milam County Farm Bureau will open its 1955 Membership Drive with a Kick-off Banquet on Tuesday, Oct. 4 at 7:30 p.m. The ladies of St. Rita's Circle will serve this banquet in Simon George Hall, Cameron, Texas. John A. Smith, president of the Milam County Farm Bureau will be Master of Ceremonies for the evening and will introduce the guest speaker Mr. Hoyt Gaston, State Director of District 4 of the Texas Farm Bureau. Gaston only 30 years of age, is a very successful farmer in Ellis County. After graduating from the Waxahachie High School, where he served as a student band director and drum major, also participating in drama and debate activities he attended Baylor University for two semesters before enlisting in the aviation cadets. He completed pilot training and became a bomber pilot, serving the remainder of the war as a flight instructor.

After receiving his discharge from the service he enrolled in Texas A & M college, majoring in agronomy. He received his degree in 1948. His first job after receiving his degree was assistant County Agent in Austin County. He only worked in this job a short time as he was employed as an instructor at the Veteran's Vocational Agriculture School in Waxahachie, a position he held for several years.

A long with this job he was operating his farm of 440 acres located on Route 5, Waxahachie, Texas. After several years he left the teaching profession and is now giving his entire time to his farming and ranching business.

Gaston joined the Ellis County Farm Bureau in 1949. In 1950 he was elected to the county board of directors. In 1951 he originated and became the first editor of the Ellis County Farm Bureau News, the first regular county Farm publication in the state. In 1951 he was chosen vice president of the County Farm Bureau, in 1952 elected as president. In November of that

year he was promoted to the Texas Farm Bureau Board of Directors, a position he still holds.

A much sought-after speaker in his North Texas Bailiwick, Gaston often hops right off his tractor in the late afternoon to get ready for a meeting that night.

Some 100 workers from the different communities in the county have been recruited to work on this membership drive. Robert Jungmann, vice president and membership chairman will give full details to all workers at the Kick-off Banquet. Bob A. Lilly, Area Field Representative of the Texas Farm Bureau will distribute the Workers Kits and also help to give any further information to the workers.

As part of the entertainment for this occasion, Miss Mary Evelyn Smith of San Gabriel, Texas, who was chosen queen of District 8 for the Texas Farm Bureau will be present and give a part on the program.

On Wednesday the workers will go out in pairs and cover the county bringing to each farmer and rancher the opportunity to become a member of the greatest farm organization in existence. By being a member of Farm Bureau you not only help and benefit yourself, but you help your neighbor. Farm Bureau promotes and protects agriculture, its the farmers and ranchers tool to do the work for him that he wants done beyond the fence rows - Austin, Washington. So when your neighbor asks you to join the Farm Bureau, remember it doesn't cost to belong to the Farm Bureau - IT PAYS.

Raging Brazos Almost Breaks Record

A roaring flood crest, the second in a week, is tumbling down the upper reaches of the Brazos River toward Possum Kingdom Dam.

It came within .05 of an inch short of the all-time record at Seymour.

The Brazos crested at Seymour at 2 o'clock this morning at 20.95 feet. At 7 o'clock this morning, it was down one foot.

The record at Seymour, according to the US Geological Survey, was 21 feet back in June of 1906. ADD TO BRAZOS STORY

There has been considerable loss of livestock in Knox and Baylor Counties. A number of acres of cotton were inundated.

Seven miles south of Seymour, water knee deep covered highway 183 for three quarters of a mile.

A farmer 8 miles south of Seymour, Thomas F. Glover, reports 60 head of cattle lost.

Another farmer 7 miles south of Seymour, Vern Teague, lost a steer.

Around Knox City, pavement on highways was washed out at a number of places. A 20 foot section of the approach to a railroad bridge between Knox City and Benjamin was washed away. A bridge between Knox City and Vera is under water.

The state highway department says fawn roads in Shackelford, Knox and Kent counties are either washed out or closed by the boiling Brazos flood.

The big Possum Kingdom Lake, back up by Sheppard Dam, has been unable to hold the runoff from the heavy northwest Texas rains.

Four of the 9 flood gates at Possum Kingdom are open. For a while yesterday, 5 of the flood gates were releasing water.

The crest rushing down toward Possum Kingdom follows an earlier crest that gave Grandbury, below the giant lake, its highest water in 14 years.

Apparently there is no threat of additional rain to aggravate the situation.

Skies are partly cloudy or clear this morning.

The heaviest rain the past 24 hours was only 29 of an inch, recorded at College Station.

Overnight minimums included Dalhart 60, Van Horn 63, El Paso 66, Lufkin 70, Texarkana 72, Dallas 73, Houston and Beaumont 74, Brownsville, San Antonio and Austin 75.

Vaccine On Hand To Be Poured Out If Not Used Soon

Polio vaccine will begin to come through commercially to the private physicians soon it is reported by the Milam County Health Unit.

Eighty-three percent of the vaccine will be distributed through commercial channels to inoculate children from 5 to 9 years of age.

The seventeen percent will be allocated through the Advisory Committee to indigent mothers - to be and children under ten.

The Milam County Health Unit still has approximately 140 cc's of vaccine, purchased for the first and second grade children. Since the remaining 400 children who have not received their second dose have shown no inclination of coming in for their inoculations during the past two months it is now being offered to any child who was in the first and second grades of Milam County schools last year. This vaccine is good for only a few more weeks and must be used or be poured down the drain the health unit advises.

Kenny Therapist Role Important In Treatment of Polio Patients

Minneapolis, Minn.—The training of highly-specialized Kenny Therapists to carry out the physical treatment of all phases of polio continues as one of the major activities of the Sister Elizabeth Kenny Foundation.

Kenny Therapists are registered nurses or physical therapists, male or female, who have received additional post-graduate training under scholarships provided by the Kenny Foundation.

The course is of 18 months' duration, with nurses required to take an additional 12 months of physical therapy training at the Mayo Clinic, Rochester, Minnesota.

The acutely-ill polio patient, shortly after admission to a Kenny center, is placed under care of a Kenny Therapist who works with him daily, under medical supervision, up to the time of discharge, administering the technique as taught by the late Sister Kenny.

Treatment administered by the Kenny Therapist is aimed at re-educating muscles and teaching patients to use in the most effective manner possible their remaining muscle strength.

The Kenny Therapist instructs the nurse in correct body position for the patient and range of motion for the affected areas. For some types of cases, exercises for strengthening the uninvolved parts are started at this time also.

Kenny polio patients receive constant attention from a group of pediatricians who are responsible for the over-all direction of the treatment program. Quite commonly, special medical problems arise, requiring the transplanting of a muscle by the orthopedist, the provision of a special airway by an Ear, Nose and Throat specialist or, as has happened, the delivery of a baby by an obstetrician while the mother is confined to an iron lung. Perhaps a patient may need the aid of a psychiatrist or a urologist.

There is no charge for the Kenny treatment. Admission to Kenny hospitals or treatment centers is through referral by a doctor.

Fight '56 Polio Epidemic Now

Sometimes, however, the polio virus does serious damage. It attacks the central nervous system, destroying nerve cells and causing paralysis.

If almost all of us are infected by the virus, there must be an important reason why some people succumb and some do not. There is.

The critical battle in the fight against polio takes place as it always has, in the bodies of human beings. It is a battle between the polio virus and tiny particles, called antibodies, which can destroy the virus in the blood stream.

When an individual is infected by the polio virus, the virus enters his system and begins to multiply. At the same time, the human system begins to produce defensive antibodies.

A race ensues. If the human antibody factory works speedily enough, the antibodies destroy the polio virus in the blood and keep it from attacking nerve cells.

If the virus multiplies faster than antibodies can be produced to fight it, the virus overwhelms the body's defenses, attacks the nervous system and may cause paralysis.

Dimes Turn Tide

For nearly all of recorded history men knew no way to influence the critical battle of polio.

The business houses of Cameron broomed and shoveled and hosed in a futile battle against the invading black pets.

In conversation with several pioneer citizens the situation was expressed by them as "the worst they had ever experienced."

The aftermath of the invasion was a carpet of dead bugs whose order of deterioration prevades the downtown section.

The city took measures to rid the streets of the buggy, black debris by washing the crickets down the gutter with a forceful stream of water from a fire hose while men used brooms and shovels to help clear the streets.

If the number of the invaders can be taken as a reliable indication of weather conditions, then Cameron is in for a cold spell of at least 10 degrees below.

within the human body. Then, in 1951 and 1952, research supported by the March of Dimes revealed that antibodies from other people's blood - contained in gamma globulin - could be "loaned" to an individual by injection and would give some protection against paralytic polio.

But the loaned antibodies would last only a few weeks. And to be effective, they had to be injected before or at most within a few days after a person was exposed to polio, and it is not generally possible to tell when this is.

Obviously, gamma globulin, while of value in epidemic situations, was no final answer to the control of polio. Among other things, there could never be enough to go around (since it came from human blood) and it is extremely expensive.

Salk 60 - 90 percent Effective

Now - for the first time - we have an effective means for controlling polio. The Salk vaccine, in the most extensive and careful field trial ever given a vaccine, was shown to be 60 to 90 percent effective in preventing paralytic polio. The vaccine now being manufactured is even more effective.

In most parts of the country we are now at the tapering - off part of the 1955 polio season. We have the fall and winter months and the early spring to prepare for 1956. There is no doubt that we have it in our power greatly to reduce polio incidence next year. How well we succeed will depend largely on how many children receive vaccine.

Heari-O-Tex Booth Will Sell Cameron As Industrial Site

Cameron has a big opportunity to advertise its industrial benefits and to make out of town prospects a little more "Cameron minded." This year at the Heart of Texas Fair, a Cameron booth will be colorful and outstanding in design aims. Local citizens will operate the booth.

Representatives from the C of C will be contacting more local

citizens this week to complete the man power for the booth. These local people will shake hands with all of our Central Texas friends.

"Cameron's advertising through the exhibit at the Fair will reach many people," W. N. Burns, president of the C of C stated. Last year 291,374 attended the Fair and through our booth plan we can show them, tell them and sell them on Cameron. We hope to see a great many Cameron faces during the week of Oct. 1 through 7 at the Heart of Texas Fair, Mr. Burns emphasized.

Editor's note:

Below is a letter received by paper from the Game and Fish Commission of Austin, which is reprinted for the information of the general public.

"At a public hearing for discussion of proposed means and methods for taking game and fish in the Milam County District Court room, I was requested to advise your publication of a new law on the statute pertaining to taking fish. I quote:

"Section 1. It shall be unlawful for any person at any time of the year to catch or attempt to catch or obtain fish by the aid of what is commonly known as "telephoning" or by using any other electricity - producing apparatus designed for shocking fish. Any person violating any of the provisions of this Act shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine in any sum of not less than Twenty - five Dollars (\$25) nor more than Two Hundred Dollars (\$200). The possession of any such equipment in any boat or along any bank or shore of any of the rivers, creeks, lakes and bays of this State shall be prima-facie evidence that the person found in possession of such electrical equipment is violating the provisions of this Act.

"Sec. 2. All laws or parts of laws, both general and special, in conflict herewith are hereby repealed to the extent of such conflict."

The above law is House Bill No. 633, Acts 1955, 54th Legislature, Regular Session, chapter 163, page 530 of the General and Special Laws. It will be codified by Vernon's Annotated Penal Code as Article 924a.

Services will be held at Little River Baptist Church. Interment will be in Little River Cemetery. Green Funeral Home is in charge of arrangements.

Wacoans Oust Sewer But Passes Garbage Charge

The vote on a plan to charge for sewer service at Waco was awfully close. The plan to charge lost by a margin of one vote.

A similar garbage charge passed by a 54 vote margin.

A Houston grand jury has investigated the city Land Office scandal. The jury, in a report, said there should be tighter controls on the release of information to newsmen. The jury also said the police chief should be elected by public vote. The jury said information on the Houston scandal was released too soon and undid a lot of police work.

A Dallas cab driver, Arthur Cantrell, is thoroughly disillusioned.

He picked up a fare in downtown Dallas and was directed to an address several miles away. But on the way, the cab driver says, the man pulled a gun, took \$9 from him and put him out of the taxi. The robber drove away.

No sir, the cab driver complains the fare didn't play fair at all.

Crickets Attack The City

"The Naked Jungle" had nothing on Cameron Streets Saturday morning. The crickets, attracted by lights and the heralds of approaching cold weather, (we hope) had literally taken over the city.

Their musical but irritating chirp and the snap, crackle, pop of their destruction were the sounds that bombarded any citizen who ventured into the downtown section of Cameron.

November Draft Heavier As Navy Asks Ten Thousand

The November draft call for Texas, received at state Selective Service headquarters late Monday, is almost double that of the October quota.

General Wakefield made his estimate following announcement of the United States Navy that it would ask for 10,000 draftees in November.

Local board quotas are now being figured and will be mailed to local boards on or about Oct. 1, along with a quota for physical-mental examinations in November, also. A total of about 1500 men will be given the examinations in November.

The November call is the largest monthly quota received for Texas during 1955 with the exception of January, when the Army asked for 1249 men. Monthly calls from February through October have ranged from 432 to 597.

With the exception of delinquents and volunteers, the November call will be filled with men 21 years old or older.

Kiwanians Hold Bi-State Meet In San Antonio

IRWIN R. WITTHUHN, president of the Kiwanis Club of Cameron, will be represented at the 1955 convention of the Texas - Oklahoma Kiwanis District at San Antonio, October 2 - 4. Club President Wiley Loughmiller announced today.

Local delegates to the convention will be Coleman Duncum and Dr.

John Bryson.

Mr. I. R. Witthuhn, trustee of Kiwanis International, and a treasurer of a Milwaukee air conditioning firm, will be a featured speaker during the three-day meeting at the Gunter Hotel. Also on hand will be Mr. Luman Holman of Jacksonville, Texas. He is also a trustee of Kiwanis International.

Delegates from 255 clubs, representing a membership of more than 15,000 business and professional leaders, will participate in the various sessions. Committee conferences, a discussion of plans for the coming year, and election of officers will highlight the convention program Loughmiller said.

The presiding officer at the three-day session will be Dr. James N. Walker, governor of the Texas - Oklahoma Kiwanis District. Dr. Walker is a Fort Worth physician. The convention which he heads will have San Antonio's Alamo Kiwanis Club as its host.

Mr. Witthuhn, one of the principal speakers, and the official representative of Kiwanis International at the meeting, is a 19-year veteran of Kiwanis. During that time, he has acted as secretary and president of his home Kiwanis Club, lieutenant governor and governor of the Wisconsin-Upper Michigan Kiwanis District. He has also served on several Kiwanis district committees and as chairman of the International Committee on Vocational Guidance.

Mr. Witthuhn is an active participant in many civic organizations in Milwaukee and is immediate past president of the Milwaukee Association of Commerce. He is vice president of the Milwaukee Civic Alliance.

Mr. Holman is an 11-year Kiwanis veteran. During that time he has served as president of his home Kiwanis Club, lieutenant governor and governor of the Texas - Oklahoma District of Kiwanis, and as chairman of a number of district Kiwanis committees.

CYO Plans October Meet

Catholic Youth heard plans for the district meeting of their organization, to be held in October and listened to reports of Pat Moraw and Paul Kunz and Bobby Balhorn who attended a meeting of the Catholic State League of Tex-

as held in Muenster, Texas at their meeting of Sept. 7. Alton Moraw, Albert Hoelscher and Kenneth Hollas were introduced as new members of the CYO. Thirty-one members were present.

Service Praises Rev. Whiteside For Work Here

Appreciation services for Rev. W. M. Whiteside and wife Ella Whiteside were held at the Cameron Grove Baptist church Sunday Sept. 17. Sponsored by the host church the service was backed by deacons and membership of Mt. Zion, Jerusalem, the Light Chapel and the Mt. Olive churches.

Rev. H. K. Honsler, pastor of the Jerusalem Baptist church delivered the sermon, his text from Luke 17:11-17, was foundation for a topic on "Ingratitude." Thankfulness should be in the heart of all the pastor said.

Appreciation was shown in song and in praise for the work of the Rev. Whiteside who "Has rendered good service on the program of all the churches of the city."

Methodist Laymen's Retreat At Lakeview

The autumn laymen's retreat for the Texas Methodist Conference is scheduled for Oct. 7 - 9 at Lakeview Camp, Methodist headquarters.

The laymen have two retreats each year. The April 23-24 retreat registered 973 persons, largest number ever to attend a retreat in the six Methodist Conferences of Texas.

Headline speakers are to be Bishop A. Frank Smith of Houston, in charge of the Houston - San Antonio Area, and Dr. Eugene Smith, executive secretary of the Division of World Missions, of the Methodist Board of Missions of New York.

The Conference Board of Lay Activities will be in session Saturday morning. Eight discussion groups are scheduled to begin Saturday afternoon: stewardship, church finance, charge lay leader and official board members, evangelism, Methodist men, church school superintendents and workers, basic beliefs of the Methodist church, and lay speaking.

The program will begin with an inspirational rally Friday night, said Pat Thompson of Bay City, Conference lay leader. Thompson is also director of the Texas Methodist Stewardship movement.

Introducing Lou Diane Hart

Lori Diane Hart, seven pound, five ounce daughter, was born Sept. 10 to Mr. and Mrs. Dale Hart of Long Beach, Calif. Grandparents are Mr. and Mrs. Hugh Hart of Long Beach, Calif. and Mr. and Mrs. C. W. Wilcox of Garden Grove, Calif. Mrs. Wilcox is the former Miss Glenna Spiegel of Sharp. The Harts have another daughter, Kathy, 4.

Great-grandparent is Mrs. Will Spiegel.

St. Rita's Circle Holds Second Meeting

After a summer recess the St. Rita's Circle held its 2nd meeting of the 1955-56 term at the Simon George Hall with Dr. Audrey Boyce president presiding. Eighteen members and two guests were present.

A report was made on the N. C. C. W. District meeting held at Bremond Sunday Sept. 18. Fourteen ladies of St. Monica's parish attended this meeting.

Delegates to the Austin Diocese Convention of the National Council of Catholic Women were elected, this convention will be held Oct. 10 at College Station. It was voted to change the meeting day of the circle to the 1st and 3rd Mondays of each month, time will be 2:00 p.m. rather than the usual 2:30.

Hostesses Mrs. E. L. Wied and Mrs. Joe Hibner served kolaches and coffee after which the rosary was recited and the meeting closed with a prayer.

Pleasure and Profit Holds First Meeting

The first meeting of 1955-56 club year for the Pleasure and Profit Club was held Thursday Sept. 8, in the home of Mrs. Leo Jackson. The president, Mrs. David Schapiro called the meeting to order and extended greetings to our new members, Miss Ada Margaret Smith and Mrs. Marlin Harris. The club collect was read.

An installation of new officers

was held. As each new officer was presented a red carnation corsage was pinned on her by the outgoing officer. New officers are: president, Mrs. Imogene Haraway, vice president, Betty Humble, secretary, Vivian Schiller; reporter, Henrietta Burkes. Mrs. Haraway presented Mrs. Schapiro with a beautiful tray in recognition of her service as president.

The yearbook chairman, Mrs. Burkes presented the new yearbook. Topics for the year feature "Texas Literature and Folk Lore." The cover boasts a map of Texas with "State of Happiness" written across it. The club organization date of August 10, 1944 appears on the lower left. She closed the introduction by reading "I'm Going Down To Texas" by Charles Evans.

Standing committee chairmen appointed by Mrs. Haraway are: Community projects, Mrs. Marge Schapiro; Yearbook, Natalie Ascher; Membership, Gail Jones; Sunshine, Mrs. Jeff Graham.

The club was complimented on its interest manifested in the library services. This was aptly received by the members as they were among the first civic organizations to sponsor a library for Cameron.

Refreshments of iced punch and cookies were offered the sixteen members. Club adjourned to meet Sept. 22 with Mrs. Vivian Schiller as hostess.

Dorothy Ann Bright Celebrates Birthday

Mrs. W. W. Bright honored her daughter, Dorothy Ann, with a party on her fifth birthday at her home in the Marlow community Sept. 20, at 3:30 p.m.

After a few games the children were invited into the house where the little honoree opened her gifts. The guests were served ice cream cake, sandwiches, orange punch, candy and gum.

Twenty-one children present at the party were: Pat and Uan McClaren, La Trale and Ray Coward, Birdie Ann and Catherine Kennon, Ralph and Anne Cannon, Bobby Jones, Fran and Alma Pearl and Melissa Jane Houston, Hester and Hulan and Lonnie and Ronnie and Raymond Clinard, Nancy Baker, David McClaren and Jerry, brother of Dorothy Ann.

Several of the children's mothers were present at the festivities.

Jack Tumlinsons Take Cooks Tour of Texas

Mr. and Mrs. Jack Tumlinson returned from a week vacation over most of the state early Monday morning. They visited over-

night in New Braunfels with the Kriegs, Mrs. Krieg is the former Margaret Horstmann of Cameron, on their way to Taft, Corpus Christi, and Padre Island. From Corpus they went to Houston where they attended an insurance banquet at the Rice Hotel.

They then traveled to Dallas and Fort Worth where they visited Jack's two brothers.

Mrs. E. E. Allison of Marlow is visiting in the home of her daughter, Mrs. Ronald Watson of Idaho Falls, Idaho.

Soil Conservation District News

Supervisors: Edwin Fischer, A. W. Butts, Paul C. Graves, Clarence L. Stock and Hal Hartrick.

Earl Gilley, foreman of the Dean Skinner Ranch south of Belton, started harvesting King Ranch bluestem this week. Gilley is harvesting the seed from a 25 acre pasture that was seeded in March of this year. He is using a mower with a tarpaulin attached to the mower sickle to catch the seed heads. As soon as he gets a pickup load he scatters it on pasture land that needs reseeding. By scattering the seed hay as soon as it is harvested he does not have to dry and store it until spring. By using the mower he cuts only the seed heads and leaves 12 to 18 inches of the stalk and plenty of seed for any reseeding of the area he is harvesting. This is one method of harvesting King Ranch bluestem seed. The seed may be harvested also by combining or mowed and baled.

Monday, Oct. 3 has been designated "Farm Bureau Day" at the Heart O' Texas Fair. County Farm Bureaus in Central Texas are making plans to send big delegations to the Waco fair that day.

In salute to the Farm Bureau, the Heart O' Texas Fair will introduce the Farm Bureau District 8 Queen, Miss Mary Smith of Milam County, at the rodeo on the evening of October 3.

County Farm Bureaus will compete for an attendance award on "Farm Bureau Day". A beautiful plaque, donated by Waco jeweler Robert W. Cox will be presented that night on the outdoor stage to the president of the county having the best representation at the Fair.

Another feature on "Farm Bureau Day" is a talent show to be presented on the outdoor stage in the afternoon County FB organizations will send amateur talent numbers to the Fair for the occasion.

A desk where Farm Bureau families can register will be set up in the Agriculture Building on the Fair grounds. Registration for the attendance award will begin at 10 a.m. and close at 8 p.m.

"Strep" Throat Leads Milams Disease List

Enlistments Keep Guard Unit Up

The local National Guard Unit, Battery C, 649th Anti - aircraft Artillery Battalion, reported that it is continuing to fill its vacancies, and had one re - enlistment and two applications for enlistment this week.

The re - enlistment, it said, was made by Cpl. Louis J. Hubnik. Hubnik completed three years with the Battery a few days ago. He re - enlisted for another term and was sworn in by Capt. James T. Terry during the drill period at the Armory on Tuesday night.

One of the applications for enlistment was from a veteran who has just finished a 2 year tour of active duty with the Army. The other was from a local high school student. Both applications are being processed and they will be sworn in probably next week.

It also was reported that four promotions were made in the Battery earlier this month. These included one promotion to Corporal, which was received by Pfc. William K. Leonard. The other three Guardsmen receiving promotions were Pfc. Claro Canizales, Billy F. Dodson and Ben L. Tepera, Jr.; they all got their first stripes as Private First Class.

Soil Display At Herald For Gardener And Farmer

The Board of Supervisors of the Soil Conservation District will present a series of displays in the window of the Cameron Herald, according to C. L. Stock, chairman of the Board. The first of these displays will appear on Sept. 29. Each exhibit of the series will be described in an article in the Thursday edition of this newspaper.

"These displays are a part of an informational program designed to give local people a knowledge of the basic principles of soil conservation," says Mr. Stock.

"We feel that it is not hard for a farmer to keep up his production without damage to his land if he knows the principles to follow. There are a number of these principles, but we are not going to try to explain them all at once. We are going to start our informational program by showing the public samples of the main kinds of land in Cameron area. The principles for using each kind of land will be given in the display, and more complete information about it will appear in newspaper articles. We will have some displays on the other parts of the soil conservation job from time to time."

"The things we have to say will apply just as much to the man in town with a lawn and garden as to the man on the farm."

"The men in the Soil Conservation Service office at Cameron helped us to prepare the displays and to write the articles."

Sterling Lyceum Series Outlined For Baylor Season

Tickets are now available for the lyceum series, which begins October 6, at Mary Hardin - Baylor college, according to Cr. Norman P. Crawford, head of the speech department and chairman of the concert series.

The season ticket covers the entire series of eight programs, and will be \$4.00 for adults and \$2.00 for students of public school age. Dr. Crawford said that holders of season tickets may reserve preferred locations and are invited to the reception immediately after each event in the parlors of Hardy Hall.

Reservations for tickets may be made by calling Dr. Crawford at

his office in Presser Hall, by phoning 9538, Belton, or by writing Box 593, Belton. Individual tickets may be purchased at the door for each performance.

The October 6 program will feature "The Washburns," a family group, including a violinist, pianist, and cellist. Franklin Washburn, father of the group was formerly a member of the Houston Symphony orchestra.

On November 10, Angus Springer, chairman of the department of speech and drama at Southwestern University, Georgetown, will speak on "Religion in Literature." On December 6, Richard C. Reager director of public speaking and debate at Rutgers University, New Jersey, will speak. His topic will be "Telling Your Story Better."

The first program in 1956 will be on January 5, when W. Morris Ford, concert and opera bass soloist, will be presented in a voice recital. Doraine and Ellis Lucas will return to Mary Hardin - Baylor for their second appearance on January 19. Doraine and Ellis will offer a different repertoire of musical comedy and light opera classics, with a new selection of costumes in their "Romance in Song."

A brilliant and fluent lecturer, Dr. S. E. Garard Priestly will make observations on the United Nations and world conditions when he speaks on Feb. 23. Theodore Ullmann, outstanding concert pianist, will be presented on March 29. This recital is under the auspices of the Music Foundation Artists Bureau, New York.

The final program on the series will be April 19, when the Oberdoeffers and Charles Granville present a program of two separate 45 minute recitals. Rose Marie Oberdoeffler, a cellist of European fame, will be presented in the first recital, and Charles Granville, a concert pianist of international acclaim, will play Chopin and other favorites.

Lt. Polzer In "Ivy" Maneuvers In Germany

Army 2d Lt. Eugene F. Polzer, son of Steve F. Polzer, Route 1, Cameron, Texas, recently completed a series of summer train-

ing exercises held by the 4th Infantry Division in Germany.

The "Ivy" division's summer maneuvers were part of the North Atlantic Treaty Organization's preparedness for the defense of Western Europe.

Lieutenant Polzer, a platoon leader in Company G of the division's 12th Regiment, entered the Army in October 1954 and arrived in Europe last May.

He was graduated in 1954 from Texas A & M College.

Captain Mewhinney Serves With Recruiting District

Captain Leonard Sparks Mewhinney, U. S. Navy, a native Texan, has reported for duty in the seventh Naval Recruiting Area, with headquarters in Dallas. He will take over as Inspector, Navy Recruiting, Seventh Recruit-

ing Area, later this fall.

Captain Mewhinney was born on Nov. 11, 1906 at Sparks, Texas. He graduated from Yoe High School, Cameron, in 1923, after which he was appointed to the U. S. Naval Academy, graduating in 1927.

Captain Mewhinney has been a Bronze star, Commendation Pendant and the Peruvian Orden Militar De Ayacucho.

The parents of Captain Mewhinney, Mr. and Mrs. J. S. Mewhinney, reside at Rogers, Texas.

Order Releases Sweet Potato Shipments

A serious stumbling block to the quick sale of Texas sweet potatoes was removed by an order John White this week, temporarily exempting unclassified grade potatoes from legal packaging provisions.

Shipments of sweet potatoes began to bog down when a shortage of legal - sized containers developed. The new Sweet Potato Law, which went into effect earlier this month, required that all commercial quantities of these potatoes meet grading and inspection standard requirements and be packaged in specified containers.

Commissioner White announced from Austin Monday that, effective immediately, sweet potatoes of unclassified grade may be shipped in bulk, when necessary, instead of boxes.

White emphasized, however, that the order was only a temporary measure until a supply of approved boxes and crates would be obtained. Bulk shipping of unclassified potatoes will be prohibited after Nov. 15.

WSCS Celebrates 15th Anniversary

The WSCS of the First Methodist met at the Church Sept. 18 at 3:00 p.m. in Commemoration of the 15th Anniversary of that Organization. Mrs. W. O. Triggs had charge of the program assisted by Mrs. E. A. Perrin, Mrs. Lena Baskin and Mrs. Bob Terry. They each gave historical events of the organization. A good crowd was in attendance and this was probably the outstanding meeting of the year.

Mrs. Jeff Kemp was the only Charter Member of the earlier organization present.

Freshman Class Elects; Chooses Queen Candidate

Beverly Doskocil is freshman candidate for all school queen at Yoe High this year. This selection was made at the first meeting of the year by the freshman body who elected Mary Jane Vogelsang as class president, with Ann Swift vice president; Laura Swift secretary, and Patricia Anderle, reporter.

Sponsors of the freshmen this year are Mrs. Rosson, Mr. Cox, Miss Jamison, Mr. Clements and Mr. Adams.

The class met in the Library on Tuesday the 13th.

Mrs. Leo Fuchs Attends A & M Mothers Meeting

Mrs. Leo F. Fuchs treasurer of the Federation of Texas A & M Mothers Club attended the initial meeting of the Executive Board of the Federation of Texas A & M College Mothers Club, Sept. 17. The meeting was held on the A & M campus in the Memorial Student Center Building. Mrs. F. C. Olds, from Abilene, president of the Federation, presided. Dr. Robert B. Kamm, Director of Student Welfare, was guest speaker. Mr. W. Starke, Director of the Memorial Student Center, gave a brief outline of the projects for the coming year.

Eleven board members and fifteen club presidents attended. Plans were made for the coming year's activities and for the next board meeting of the federation on Feb. 5, 1956.

The Marlow Baptist church has recently sanded and refinished the floor of the church and new pews will be installed Monday. This is in line with the building program set up some time ago under the leadership of the pastor, Dwight Dudley.
